

Teddy Bear Mountain

The annual Teddy Bear Toss sponsored by the Sasktel Pioneers and the Prince Albert Raiders Hockey Club has netted a mountain of Teddy Bears for the Children's Ward at the Victoria Regional Hospital. "Raider fans literally "pitched - in" big time this year", said Dale Peet, Operations Manager - Customer Service with Sasktel in Prince Albert. Representatives from both the

Sasktel Pioneers and team players from the Raiders Hockey Club were on hand to present hundreds of Teddy Bears to the nursing staff in the Children's Ward (Pediatric Unit) at the Victoria Regional Hospital.

Jane Antoine, Nursing Unit Manager, Pediatric Unit said, "This fall and winter has been an extremely busy time in the unit. For many of the children this is the first time they have ever been away from home so the Teddy Bears are very much appreciated by the children. We make sure every child goes home with a Teddy Bear."

Rob Dalziel, executive director with the Victoria Hospital Foundation commented the partnership formed with the Sasktel Pioneers, the Prince Albert Raiders Hockey Club and the hospital foundation has resulted in thousands of Teddy Bears being donated over the past several years.
